SEAOHUN 2018 Internal Conference

12-15 November 2018

Hanoi Medical University, Vietnam

USAID
FROM THE AMERICAN PEOPLE

OneHealth
WORKFORCE

One Health

- ❑ The complexity of human-animal-environment relationships partly as an impact from **man-made changes** to the host, agent, environment, ecosystems and nature illustrates that our future will be characterized by a new interdependence, and true progress on the prevention and control of diseases can only be achieved through One Health
- ❑ A **multi/trans-disciplinary collaborative approach** to improving the health of humans, animals and the environment; a **new global strategy of cooperation** to provide solution
- ❑ It encourages the collaborative efforts of multiple disciplines working **locally, nationally, and globally** to attain optimal health for people, animals and the environment and create a world safe and secure from global health threats posed by infectious and zoonotic diseases

One Health

❑ One health is a multi/trans-disciplinary **collaborative approach to provide solution**

- ❑ Physicians
- ❑ Veterinarians
- ❑ Nurses
- ❑ Ecologists
- ❑ Zoologists
- ❑ Entomologist
- ❑ Sociologists

- ❑ Economists
- ❑ Anthropologists
- ❑ Pathologists
- ❑ Microbiologists
- ❑ Epidemiologists
- ❑ Politicians
- ❑ etc

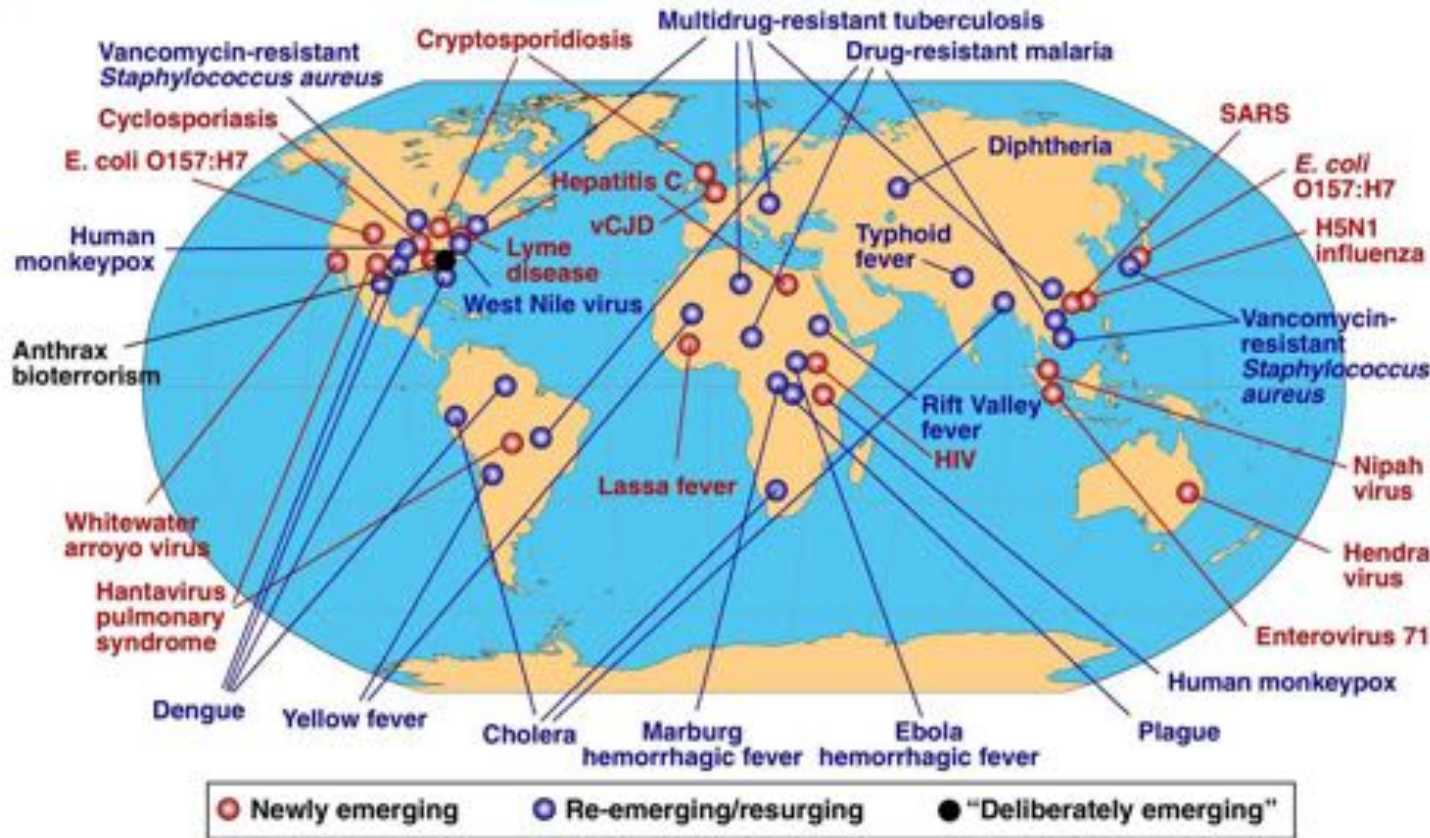

❑ To respond, predict, prevent and identify **infectious and zoonotic disease threats (OHW)**

One Health Workforce

- ❑ **Coordination and collaboration across all levels** of the human and animal health sectors are essential to meet the **Global Health Security Agenda (GHSA)** vision for a **world safe and secure from global health threats posed by infectious diseases**
- ❑ Achieving this goal will require a **shift** in our workforce **culture** and **regulatory** framework
- ❑ **Government ministries, universities, industries and NGO** must work together to achieve a stronger and more effective public health system, from **the first responders on the front line to the policy makers implementing change**

Global Examples of Emerging & Re-emerging Infectious and Zoonotic Diseases

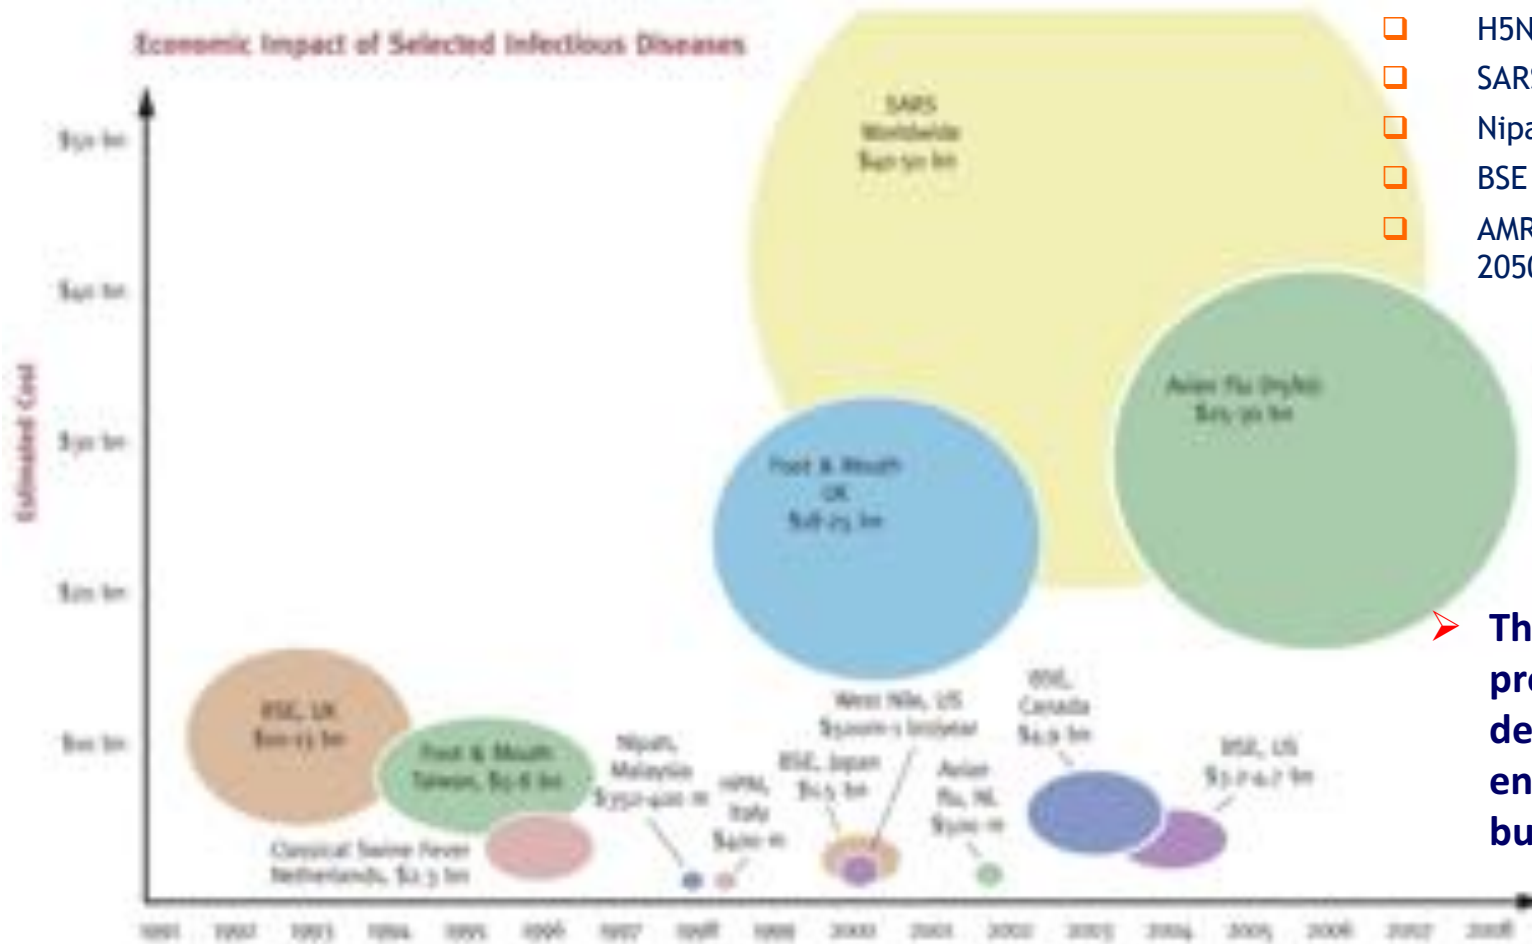

Asia, SEA & (M'sia)

- Nipah (1998)
- H5N1 (2004)
- SARS (2003)
- H1N1 (2009)
- H9N7
- MERS-CoV (2014)
- Rabies
- Tuberculosis
- Leptospirosis
- Anthrax
- BSE
- Ebola?
- Zika virus (2016)

**The
Borderless
World**

- ✓ National Security Council
- ✓ Inter-Ministerial Committee for Control of Zoonotic Diseases
- ✓ Malaysia One Health University Network (MyOHUN)

Economic Impacts of Infectious Diseases

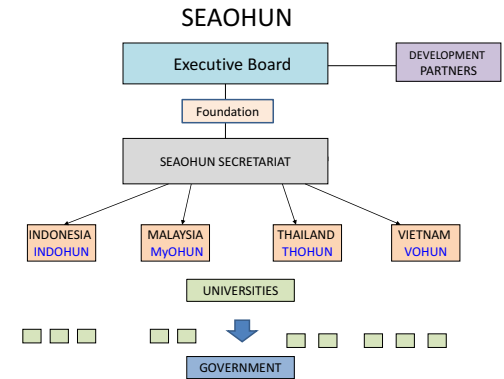

- ❑ H5N1 (\$ 25-30 bn)
- ❑ SARS (\$ 40-50 bn)
- ❑ Nipah (\$ 350 - 400 m)
- ❑ BSE (\$ 19.6 - 24.1 bn)
- ❑ AMR \$100 trillion in 2050

➤ **These diseases produce suffering, death and impose enormous financial burdens on society**

One Health University Network

- ❑ In December 2011, the Southeast Asia One Health University Network (**SEAOHUN**) and the country-level One Health University Networks namely **INDOHUN**, **MyOHUN**, **THOHUN** and **VOHUN** was established (NCO – Sept. 2013)
- ❑ In 2014, SEAOHUN is participated in transformation of One Health Workforce (**OHW**) in the region and dedicated in building the capacity of the global health workforce to prevent, detect and respond to emerging infectious diseases with the financial support from **USAID** and in collaboration with **the University of Minnesota and Tuft University, USA**
- ❑ All activities of SEAOHUN are consistent with **5 strategic objectives** and outcomes of the Emerging Pandemic Threats 2 (**EPT-2**) (2015-2019) and to support implementation of the Global Health Security Agenda (**GHSA**)
- ❑ **OHCEA (6)**: Ethiopia, Democratic Republic of Congo, Kenya, Rwanda, Tanzania & Uganda

MyOHUN

in Malaysia in 1998

H5N1 & Rabies
outbreaks 2017

**National Committee
for AMR in 2017**

✓ **MyOHUN**

Vision, Mission, Value, Goals, Strategic Objectives, Action Plan & KPI (2016-2020)

Vision

- ✓ Network of social and intellectual excellence on One Health against infectious and zoonotic diseases of national and global concern

Mission

- ✓ To link and enable universities, government and relevant agencies to generate social and intellectual capital on One Health against infectious and zoonotic diseases

Value

- ✓ Inclusive, Transparent, Excellence

Goals

1. Strengthened One Health Workforce policy environment and stakeholder engagement
2. Increased universities, government and related agencies capacity to identify and address One Health Workforce needs
3. Increased One Health Workforce capacity to prevent, detect and respond to infectious and zoonotic diseases

Strategic Objectives

1. One Health Workforce Assessments, Planning, and Policy Communication
2. Education & Training of One Health Students (**Future OHW/pre-service**)
3. Education & Training of Government Professionals/Health Practitioners (**Current OHW/in-service**)
4. **Faculty/Staff Development** and Improved Academic Offerings
5. Organizational Development of Sustainable OHUNs

Action Plan and KPI

MyOHUN Achievements & Success Stories

MyOHUN activities

- ✓ 23 activities in year 1 (2015)
- ✓ 46 activities in year 2 (2016)
- ✓ 34 activities in year 3 (2017)
- ✓ 31 activities year 4 (2018)
- ✓ 28 +++ activities in year 5 (2019)

to meet its 5 strategic objectives and outcomes (KPI)

MyOHUN Achievements & Success Stories

1. Problem Based Learning
2. Curriculum Mapping & Review
3. Development of Modules
4. Simulation of Disease Outbreaks
5. Wildlife Zoonosis & Ecosystem Health
6. One Health Student Clubs
7. One Health Young Leaders and Communicators
8. One Health Programmes to Community
9. Research
10. Colloquium, Seminars & Workshops
11. Antimicrobial Resistance
12. One Health Disaster Frontliners
13. Roadmap for National OHW
14. Sustainable One Health University Network

USAID
FROM THE AMERICAN PEOPLE

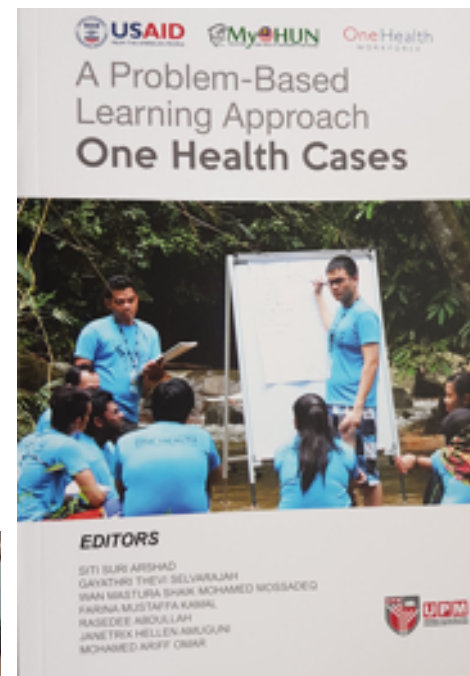

OneHealth
WORKFORCE

MyOHUN
MALAYSIA ONE HEALTH UNIVERSITY NETWORK

Problem Based Learning

- ✓ Publication of One Health PBL Book I
- ✓ Training on One Health PBL for Academicians
- ✓ Training of Trainers (Facilitators) for One Health PBL
- ✓ *In-situ* One Health PBL
- ✓ Piloting PBL Book II

Curriculum Mapping & Review

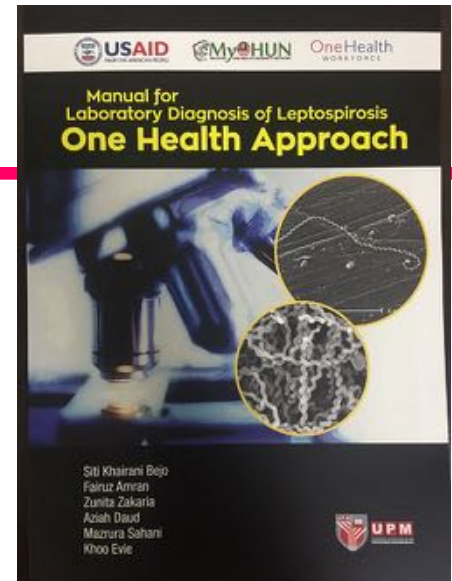

- ✓ Mapping One Health Implementation in Curriculum
- ✓ One Health Core Competency (OHCC) Centric Teaching
- ✓ Curriculum Review: Incorporating OH Core Competency in Postgraduate Programs
- ✓ **Implementation in OH in New Curriculum**

Development of Manuals

- ✓ Development of One Health Manual for Diagnosis of Leptospirosis
- ✓ Development of One Health Manual on Handling Disease Outbreaks

(Common Manuals to all agencies)

Simulation of Disease Outbreaks and Trainings

- ✓ Field Simulation Training on Handling Disease Outbreak – Avian Influenza (AI)
- ✓ One Health Table Top Simulation Exercise - Field Training on Rabies Outbreak
- ✓ One Health Field Epidemiology Training
- ✓ Development of Table Top and Field Simulation Teaching Module
- ✓ Training of Trainers on Integrated Surveillance System
- ✓ One Health Field Training for Emerging Zoonoses

Wildlife Zoonosis & Ecosystem Health

- ✓ Training on Wildlife Disease Risk Analysis
- ✓ Training of Wildlife Zoonoses and Ecosystem Health
- ✓ Seminar on Wildlife Zoonoses

One Health Student Clubs

- ✓ 8 OH Student Clubs from 8 Universities
- ✓ One Health Initiative
- ✓ One Health Medical Pioneer Programme
- ✓ One Health Young Leaders

One Health Young Leaders and Communicators

- ✓ To enhance capabilities of the young leaders
- ✓ To enhance One Health knowledge among the young leaders
- ✓ To establish sustainable networking for future One Health Workforce

One Health Programmes to Community

- ✓ Community Education
- ✓ One Health Program to Local Community
- ✓ Community Education and Field Training on Disease Transmission Among the Indigenous People (Orang Asli) in Peninsular Malaysia

Antimicrobial Resistance

- ✓ One Health Antimicrobial Resistance (AMR) Seminar & Launching of Malaysian Action Plan on AMR (MyAP-AMR: 2017-2021)
- ✓ One Health Antimicrobial Resistance Surveillance
- ✓ One Health Integrated Antimicrobial (AMR) Seminar and Workshops
- ✓ AMR and Antibiotics Awareness Creative Contents Video Development

One Health Disaster Front-liners

- ✓ **Natural Disaster Management Agency (NADMA)**
- ✓ Development Comprehensive Module for Front-liners
- ✓ Case Scenario for Zoonotic Disaster Simulation
- ✓ Training of Trainers on One Health Disaster Front-liner Modules

Research

- ✓ **17 Community-based Extension Project Successfully Completed**
- ✓ **Training of Current OHW on Research Grant Opportunities and Writing Effective Research Proposal on One Health Projects**
- ✓ **Seed Funding for One Health Project**
- ✓ **Teaching Grants for One Health Competencies**

Colloquium, Seminars & Workshops

- ✓ International Congress on One Health & AAVS-MyOHUN-WPSA (Malaysia) Meeting 2019
- ✓ Emerging & Zoonotic Disease Investigation Colloquium
- ✓ Seminar on Infectious Disease Management
- ✓ Seminar on Threats to Tropical Ecosystem Health
- ✓ Integrating One Health Concept Among Public Health Personnel
- ✓ Infectious Disease Management
- ✓ Grant to Participate in National and International Conferences / Workshop / Seminars

INTERNATIONAL CONGRESS ON ONE HEALTH & AAVS-MyOHUN-WPSA (MALAYSIA) MEETING 2019
25-27 JUNE 2019 - PUTRAJAYA

TENTATIVE PROGRAMME

25 June 2019 (Tuesday)	15:00 Check in & Visit to Faculty of Veterinary Medicine, UPM
	17:00 AAVS Executive Committee Meeting
26 June 2019 (Wednesday)	08:30 Registration
	09:00 Opening Keynote
	10:00 Plenary & Scientific Sessions
	12:30 Lunch
	14:00 Plenary & Scientific Sessions
	16:00 Poster Presentation
	WPSA AGM
	17:00 AAVS AGM
27 June 2019 (Thursday)	08:30 Registration
	09:00 Plenary & Scientific Sessions
	12:30 Lunch
	14:00 Plenary & Scientific Sessions
	15:30 Poster Presentation
	16:30 Closing

REGISTRATION FEES

- International Participants: USD 350
- Malaysian Participants: RM700
- International Students: USD 300
- Malaysian Students: RM500

Pre-registration is now open!

Sustainable MyOHUN & SEAOHUN

1. Memberships: multi / trans disciplinary - 22 Faculties from 17 Universities, 3 Government Ministries (5 Government Departments) – to invite more
2. Executive Board & Members: Universities and Governments agencies - to invite private & NGO
3. National Coordinating Office, MyOHUN is certified with ISO ISO 9001:2008 & to upgrade to 2015
4. MyOHUN Strategic Plan 2016-2020: Vision, Mission, Values, Goals, Strategic Objectives, Action Plans and KPIs
5. Partnership and Engaging Intergovernmental Organization (EIO) & EPT Programmes: OIE, WHO, FAO and WTO, P&R & PREDICT, US Defense Threat Reduction Agency's (DTRA) Cooperative Biological Engagement Program (CBEP), JICA, GHSA-IHR-PVS-JEE Initiatives, JICA, TWN.
6. Regional champion (eg. PBL, QMS and Leptospirosis)
7. Actively involves on issues and challenges of infectious and zoonotic diseases, AMR, biosecurity & biosafety, bioterrorism & agroterrorism through OH approach (OHW)

Thank You

MyOHUN Executive Board Meeting

2nd Working Group Meeting, 10-11 October, 2011, Kuala Lumpur Malaysia
