

The SEAOHUN International Conference 2022 is a live, knowledge-sharing event for current and aspiring One Health practitioners, educators and researchers. With the theme '**Catalyzing One Health Citizens of the Future**', the conference seeks to bring together students, academicians, One Health practitioners and advocates those with diverse backgrounds to share their experience, research findings, and perspectives to discuss One Health education and complex health threat issues such as the COVID-19 pandemic and antimicrobial resistance (AMR).
